Wycliffe College,
Toronto, Ont. Nov. 12th, 1918.

Sir Robert Falconer,

President, University of Toronto.

My dear Sir Robert;-

I understand it is the desire of a number of people here in Toronto to have the opportunity of hearing a course of lectures from Dr. Patton, of Princeton. I understand that Dr. Patton will deal with some phases of the general problem of reconstruction following the period after the war. The dates proposed are Dec. 9th - 13th. I would like to join with the authorities of Knox and Victoria in requesting that you would be good enough to approve of these lectures being delivered in our University Convocation Hall.

With kind regards,

Believe me,

Very sincerely yours,

J. A. O'Brien
